KING MELVIN REGACHO

INSTAGRAM SCRAPER & LEAD DATA

WORK EXPERIENCE

Instagram Scraper & Lead Data Specialist

Freelance / Remote / Jan 2025 - Present

- Used Apify and the Instagram Scraper API to extract data from U.S .- based barber accounts and niche business profiles.
- Collected and manually organized usernames, business names, emails, phone numbers, locations, and profile links into Excel spreadsheets.
- Cleaned and verified data for accuracy, removed duplicates, and prepared lead lists optimized for outreach and CRM use.

Bayaoas Integrated School / Urbiztondo / 2020

Elementary Education

Gueteb Elementary School / Urbiztondo / 2016

HOBBIES

Exploring new tools and systems for productivity and research – I enjoy discovering new software, platforms, and online resources that enhance efficiency in administrative tasks, data entry, and lead research. This passion allows me to quickly adapt to new processes and continuously sharpen my skills in real estate support and virtual assistance.
